The fees set forth in Sections I and II above include tipping fees or the Lane County systems benefit fees, unless otherwise indicated. Licensed City of Eugene haulers are required to charge these fees as a portion of the overall rate charged customers. Residential tipping or systems benefit fees have been calculated using the established container weights as determined by the most recent weight study conducted and/or approved by the City Manager or the

Manager's designee. Failure to charge a consolidated rate that includes the tipping fee and systems benefit fee and falls within the minimum-maximum allowable rates may result in enforcement action, including imposition of an administrative civil penalty.
